Application to the PhD Programme in Computer Science and Mathematics

The procedure to apply for the PhD programme in Computer Science and Mathematics is performed online. The steps are:

- connect to the website https://pica.cineca.it/login;
- login if you already have one of the possible accounts or make a new registration by entering the requested data;
- activate your account by opening the link you received via e-mail;
- in the PICA's Home Page, select "Università degli Studi di Bari Aldo Moro" and the list of the PhD programmes will appear;
- select "APPLICATION FOR THE ADMISSION TO PHD COURSES 37 SERIES";
- click on "Manage Your Applications" and then on "New Submission";
- enter all the data requested in the different sections of the form.

Once completed online, the form must be printed, signed and reloaded into the procedure by following the instructions provided by the system. The procedure requires also to attach the documents requested to candidates in Annex 11 (which refers to the PhD Programme in Computer Science and Mathematics) and the documents required by points 1-7 of Art. 3 of the Call for Participation.

The application with all documents must be completed **no later than July 8, 2021 at noon (Italian time or CET)**, otherwise you are excluded from the selection.

The procedure also requires the registration fee of € 50.00; in the case of foreign applicants residing abroad, no payment is due. The entry fee is non-refundable for any reason.

Please, notice that the candidates interested to a position with a "higher education apprenticeship contract" ("posto con contratto di apprendistato" in Italian) must state in the application their interest to the position; moreover, during the oral examination, they will be required to discuss also the themes on which the apprenticeship doctorate will focus.
